April 2022

Dear Parent or Carer

I would like to bring to your attention an important event that will be taking place on Thursday 12th May 2022 5- 7pm at school.

Burnage is holding the first 'Career and Aspirations' Evening since Covid. This is where we will have representatives from local colleges, universities, employers and our alumni giving talks and information about post 16 pathways and careers. This evening will be very useful and informative as you will be able to support your son in the decisions he is making regarding post-16 options.

Despite your son being in year 9, he makes important decisions about colleges and qualifications in year 10 and it is vitally important that he make these decisions based on information available at this event. It also gives you the opportunity to speak first hand to people who work in the area that your son may be wishing to pursue when he leaves Burnage.

We have held this event in the past and it has proved to be highly beneficial for both parents and students.

The event will consist of a series of talks and presentations, which you can choose between, depending on your son's interests. Please be aware that this event is also open to parents and students of other year groups in the school and therefore presentations may fill up very quickly

If you have any questions regarding this event, please contact me.

Ms A Boyd

Head of Careers

'Be the best you can be'
