WHAT SORT OF EDUCATION

Do you want a school that is in the TOP 3% for the performance of boys in the North West of England?

One that is rated 'OUTSTANDING' by Ofsted?

A school where the performance in English and Maths is in the TOP 1% of non-selective schools in the North West?

Where boys come first, where they thrive, where they are taught *resilience, independence and care?*

Do you want your son to attend the THE BEST PERFORMING of all the schools he could attend in Manchester?

I am passionate about making young people's lives better and I know how education can give any student whatever their background or ability opportunities of success and I care deeply about boys succeeding in education. It upsets me greatly that they are falling further and further behind in schools right across the country, but not here, not at Burnage.

I'm privileged to have returned home to Manchester to serve our community and lead a school where our focus is solely on boys and ensuring that they are valued, that their lives are enriched and that they thrive.

It is clear that, if you want the best for your son, for him to thrive and to perform well academically in a non-selective school in Manchester, Burnage Academy for Boys is the choice for you.

Contact us through the contact form on our website to find out more, to start a dialogue with our friendly and caring staff and to arrange a visit so that you can see for yourself.

Headteacher

DO YOU WANT FOR YOUR SON?

"Pupils learn well and make excellent progress. Year 11 pupils gain consistently strong results in their GCSE examinations. There is little difference between the outcomes of disadvantaged pupils and others. Pupils who join the school speaking little English or who have limited or difficult previous experience in schools make similar strong progress to others."

Ofsted: October 2018
